# LESSONS LEARNED

- Students, faculty, and staff enjoy OZZI
- Logistics to consider - proximity between dining+ collections+ housing
- Worked best for us when...
  - Located near housing
  - Paired with healthy meals & meal plan
  - OZZI was the only container available
- Challenges
  - Returns
  - Token System
    - How to distribute initial tokens
  - Transitions between
    - Venue Formats (i.e. from stir fry to smoothies!)
    - Dining Personnel

## Reduce, Reuse, Return!

Return your OZZI to-go containers on your next trip to Bruff.

Keep our reusable system working!
