

Lesson Plan 1 - All Litter Harms Animals - Activity Sheet 1

THE HAZARDS OF MICROPLASTICS

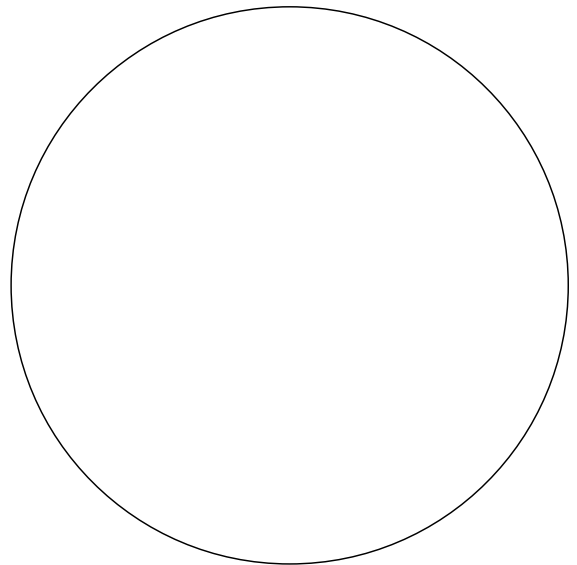

Name: _____ Date: _____

Directions:

1. Pretend you are a bird by making your hand into a beak. With your beak, eat the birdseed on your group's plate until your teacher tells you to stop. As you eat put the seeds into your bowl.
2. Draw what you observed in your bowl (stomach) in **Circle 1**.

Circle 1: This is what I ate today.

Circle 2: These are the microplastics I ate today.

3. Pick the microplastics out of your bowl. Count the number of microplastics that you ate and glue them on **Circle 2**. **Save the seed for Part 2.**

I ate _____ pieces of microplastics today.

1. Why do you think birds eat microplastics (give 2 reasons)?

2. How does eating microplastics harm animals?
